

Dress Code

At Encore Dance Company, the dress code is in place to ensure a **safe, professional, and focused environment** for all dancers. Here's why it matters:

1. **Safety:** Proper dance wear allows instructors to clearly see body alignment and posture, helping prevent injuries and ensuring safe practice during classes.
2. **Freedom of Movement:** Dance wear is designed to provide the flexibility and comfort needed for a wide range of movements. It helps dancers perform their best without restrictions.
3. **Confidence:** Following the dress code allows students to feel prepared and ready for class, boosting their confidence and helping them fully engage in their dance experience.

We want every child to feel comfortable, confident, and able to dance to their fullest potential. If you have any questions about the dress code or need assistance, feel free to reach out to us!
